Furniture Prices.....

If a dealer asks you \$30.00 for a Bedroom Suit, and after much negotiation consents to accept \$20.00, don't think for a moment that you have an opportunity to secure a \$39.00 suit for \$20.00; but make a note of the fact that he tried to get \$30.00 for a \$20 suit. Also remember that you could get it from us for \$20, or perhaps less, without any preliminary talk, and thus save your time.—High prices not asked so as to allow of a big discount.

John Newson

RACE AWARDED THE YANKEE.

The Boats are Evenly Matched

EXCITING CONTEST ON SATURDAY FOR SEAWANAKA CUP

The "Dominion" Finishes a Length Ahead of the Challenger.

MONTREAL, Aug. 15.—The first race in the Seawanaka cup series was sailed Saturday afternoon, and was one of the most exciting races ever seen on water, the finish being so close there was scarcely a boat length of clear water between the Dominion and Challenger when the line was crossed,—the Canadian being in the lead.

There was great jubilation until later in the evening when it was announced that the judges had given the race to the American boat on a foul.

It appears that just as the yachts were coming up to the starting point the Dominion crowded the Challenger so that the latter was compelled to alter her helm.

The two boats did not come together, but the foul was there just the same, though it did not affect the race proper nor handicap the American boat in the slightest.

Splendid seamanship was seen in handling the two boats, and a great many were surprised to see how stiffly the Dominion stood up to the breeze while the Challenger was markedly keeled over.

More Gold.
VICTORIA, Aug. 13.—The steamer Cottage City, which has arrived from Skaguay brings a report that a rich gold strike has been made 70 miles below Lake Tagish. There has been a stampede from Dyea and Skaguay to the discovery.

TOURISTS.—Prince Edward Island Illustrated is a beautifully illustrated book on P. E. Island. For sale at the bookstores or at this office—50c

The reason why so many people ask for "Motor" needles is that no other needles are as good as "Motor" needles, and "Motor" needles only cost 5c a packet. Ask Moore & McLeod for "Motor" needles.

DEWEY BOMBARDS MANILA CITY.

Which Surrendered to Him Unconditionally.

THE GOVERNOR GENERAL RESCUED BY THE GERMANS.

And Taken by them on Board One of Their Warships.

[SPECIAL TO THE EXAMINER.]
WASHINGTON, Aug. 16.—The Department of State has posted the following: The following despatch was received at the Department at 11.15 p. m., Aug. 15th, from Consul Wildman, at Hong Kong: Augustin says Admiral Dewey bombarded Manila on Saturday, and the city surrendered unconditionally.

Governor Augustin was taken by the Germans in a launch to the Kaiserin Augusta, and brought to Hong Kong—I credit report.

BLANCO RESIGNS
Does Not Want to Witness Evacuation of Cuba.

[SPECIAL TO THE EXAMINER.]
MADRID, Aug. 16.—The Government has received from Capt.-Gen. Blanco a despatch tendering his resignation. The reason given for resigning is that he does not wish to superintend the evacuation of Cuba.

The Government is also informed that General Augustin, the Governor General of the Philippines, will leave Manila for Spain by the first mail steamer, giving his command to the second in rank.

HE SAVED THE MILK.
It Required Genius to Do It, but He Was Equal to the Occasion.

"Talking about cows," said Andy Henderson, "I really think that I had one of the most peculiar experiences with the animals in question that ever befell a citizen of west Texas. It was soon after I went to El Paso, some ten years ago, and before I had got familiar with the vagaries of the El Paso climate.

"I had settled on a very pretty ranch some miles out of the progressive frontier city and was doing nicely until I decided to go into the butter business. I sent east for a dozen fine Jersey cows and began operations. Well, the cows came on, and I hustled the butter business from the jump. Things progressed nicely for a month, when the weather grew very warm and the atmosphere very dry. The Rio Grande dwindled until a roach could have waded across. Every bit of moisture disappeared, but this did not affect me, because I had a fine artesian well on the ranch and plenty of water. I observed, however, that my cows were losing milk day by day, until at last they were perfectly dry. I was astounded, for they had plenty of feed and lots of water from the well. I couldn't understand it and determined to investigate.

"I got up an hour before daylight and examined the cows, and, to my astonishment, I found the udders of the cows heavy with milk. I did not milk the animals, but simply watched and waited developments. Day dawned and the cows lazily meandered into the pasture, and I followed. The sun came up, and with the sun came the terrible dryness, but it didn't faze me in the least. What knocked me out was the sight of my cows' udders. They were growing smaller and smaller as I looked until they were as flaccid as a punctured tire. Then I tumbled. The dryness of the atmosphere simply evaporated the milk through the walls of the udder.

"What did I do? Why, I varnished the milking apparatus of the beasts and the milk couldn't ooze through the flesh. That stopped it."—New Orleans Times-Democrat.

TROUBLE BREEDING WITH THE CUBANS

Sullenly Discontented With the Americans.

THEY CLAIM CUBA FOR THEMSELVES ALONE.

Rumor That They Will Attack Santiago de Cuba.

[SPECIAL TO THE EXAMINER.]
SANTIAGO DE CUBA, July 16.—Trouble with the Cubans is breeding. Their attitude is one of sullen hostility toward Americans. The better class in Cuba favor the annexation of the Island to the United States, and the majority of masses are ready and anxious to work and accept the shelter and protection afforded by an American Protectorate, but they are influenced by a certain class of rabid orators and breeders of sedition and rebellion against anything smacking of law and order.

This inflammatory class demands and urges the recognition of Cuba for the Cubans, and spurs all others or suggestions toward prosperity under an American protectorate, and excites popular discontent.

A wild rumor is afloat to the effect that the Cuban army will attack Santiago and capture it for the glory of the Cuban army.

CROPS IN ONTARIO.
Large Fields of Wheat, Barley and Oats.

TORONTO, Aug. 15.—The August crop report of the Ontario Agricultural Department, notes that the crop of fall wheat is one of the best ever harvested in the province. The grain is described as being plump, and in many cases goes considerably over standard weight. Spring wheat, like other cereals, ripened early, owing to the hot weather, which in some neighborhoods prevented the heads from filling well. The yield as a whole, however, will be considerably above the average, especially in Eastern Ontario, where the crop is the best for many years. The barley crop is generally good and with few exceptions the grain is bright and in fine condition, though in some places light in weight, owing to the heat and lack of moisture. Slight losses from smut and rust have been observed, but there appears to have been a marked exemption from the ravages of destructive insects.

There will be about an average yield of oats as regards quantity, the crop, which promised splendidly during the early part of the season, having suffered considerably from the late frost and to a still greater degree from the hot, dry weather, which caused premature ripening.

BOSTON BOAT.—The steamer Halifax, from Boston, arrived early this morning with the following passengers: T W McKenzie and wife, Dr J P Bloss and wife, W Bodly, Fred Arbing and wife, H E Osterling, Francis Cowan, Dr. P. J. Kiene and wife, F H Dunning, Chas Bradon, Miss E Macdonald, Thos Bradon, Mr J Findburg, P A Sailor, Mrs D C Cobb, J M Wright, W M Spring, Mrs Wm Burdett, Samuel Hornly and wife, Mrs Capt Taylor, Miss A Washington, Miss Bede Washington, Mrs E S Sibley, Mrs Wm Pickert, Miss L Pickert, Miss McLellan, Miss Mary Myrtle, Miss Lizzie McDonald, Mrs J C Bulford, C H Tyler, Mr. Adams, John McPherson, John McKinnon, Frank Keenan, John Keenan, C E Higgins, Mr. Jno Dewar, Miss Ki kam.

Baby Eczema and Scald Head
Infants and young children are peculiarly subject to this terrible disorder and if not promptly arrested it will eventually become chronic. Dr Chase made a special study of Eczema and disease of the skin, and we can confidently recommend Dr. Chase's Ointment to cure all forms of Eczema. The first application soothes the irritation and puts the little sufferer to rest.

VICTORY FOR CANADIAN BOAT

Beats the Challenger by Half a Mile.

THE SECOND RACE OF THE SERIES WON FOR CANADA.

The Dominion Sailed by Duggan Won by 2m 47s.

[SPECIAL TO THE EXAMINER.]
MONTREAL, Aug. 16.—The second of the International Yacht Races for the Seawanaka Cup was sailed at Lake St. Louis yesterday amid much excitement. This time there was no dispute about the matter. The Canadian boat Dominion, sailed by Duggan, coming in a winner by about half a mile, or 2 minutes and 47 seconds.
