

# Blood Disorders

are simply kidney disorders. The kidneys filter the blood of all that shouldn't be there. The blood passes through the kidneys every three minutes. If the kidneys do their work no impurity or cause of disorder can remain in the circulation longer than that time. Therefore if your blood is out of order your kidneys have failed in their work. They are in need of stimulation, strengthening or doctoring. One medicine will do all three, the finest and most imitated blood medicine there is.

## HASZARD & MOORE

SUNNYSIDE.  
IT'S MOVE ON

The City Council passed a law, you must 'move on,' you must move on.

The policemen won't stand any jaw make you move on, make you move on.

At Sentner, McLeod & Company's Store things must move on, things must move on.

Remnants there on every floor that must move on, that must move on.

Remnant sale begins Tuesday, January 2nd, 1900.

FURS have got to move on at My Store.

JACKETS will move on at My Store.

200 hats will move on, at 25c—Sentner, McLeod & Co.

Sentner, McLeod & Co's Remnant Sale is moving on.

Our Remnants are tempting morsel for dyspeptic purses.

We need not write an essay on our FURS.

They are well able to talk for them selves.

SENTNER, McLEOD & CO

JANUARY 24, 1900

## THE HOG INTEREST.

This was the subject of a lengthy paper read by Mr. John A. McDonald, of Hermanville, before the Farmers' and Dairymen's Association of P. E. Island. We collate from the address the following points elaborated by Mr. McDonald:

1. That this has been an off year for the hog in Canada while at the same time hogs are higher in the United States than for many years. Just now hogs are 80c to \$1.00 per hundred pounds higher in Chicago than they were at this time last year, while Canadian hogs are lower.

2. That this is true of dairy products as well as hogs and cattle, and that in many lines of farm products the United States markets are better than the British market.

3. That the bacon hog is not much in evidence this year.

4. That all the world is scrambling for the British market, making competition so hot that Canadian farm products are finding but a very indifferent market there.

5. That in the present state of the United States and British markets some measure of Free Trade with the United States or a preference in the British market is of absolute importance, if the Canadian farmer is to hold his own.

6. That the farmer is not showing the general prosperity said to exist in this country.

7. That the absence of the principle of co-operation in the swine industry of not only this Province, but of the Dominion, is the chief reason why the hog market is in such a demoralized condition this year.

8. That markets are of more importance than products.

9. That it is the duty of the government to provide transportation to the one only market left as the year round.

10. That our province suffers for the want of direct transportation accommodation, even in the six months of open navigation.

11. That the by-product of a dairy cow fed to well-bred pigs should net \$7 to \$10 a year.

12. That there is practically no provision for the complete utilization of our dairy by-products.

13. That in order to make hog-raising a success in this island a large central co-operative pork packing establishment is absolutely indispensable.

14. That as the preceding administration introduced the co-operative dairy system, it would be a gracious act upon the part of the present administration to complete the system and extend the swine industry by the establishment of a central co-operative packing establishment at some point in the province on the same lines as the first cheese factory was established at New Perth.

15. That until such co-operative packing house is in existence I do not urge the extension of the hog business very much.

16. That the farmers of this province are under great obligations to the hog.

17. That what the hog has done for his owner in the past, he will do again, if he but receives fair play.

18. That heavy, aged hogs, are not wanted in the British market.

19. That a weight of about 200 pounds is about the heaviest weight required to produce bacon for the English market, and that the interest of the modern market and that of the producer are identical.

20. That when a hog attains a weight of 200 pounds he should be killed, for the next 100 pounds put on that hog will cost almost as much as the first 200.

21. That the bacon hog is the only kind of hog that it will pay to raise.

22. That all over the Dominion where there are modern packing houses, the bacon hog of 180 pounds fetches the top of the market, while in this province he brings the lowest.

23. That no more meritorious act upon the part of this association could be attempted than to devise ways and means whereby the island hog may attain his rights.

24. That considering the general run of hogs in this province are fairly well bred, and considering the abundance and value of the goods at our command, with a market to handle our products in the very best manner, we would challenge the world to produce finer bacon.

—Lynching statistics compiled and published by the Chicago Tribune reveal the rather astonishing fact that of a total of one hundred and seven mob murders during the year 1899 only eleven were for the alleged 'unspeakable' crime against women, while six victims were killed merely on suspicion.

If you have catarrh, rheumatism, or dyspepsia, take Hood's Sarsaparilla and be cured as thousands of others have been.

M. Paul Blouet, better known as 'Max O'Rell,' the lecturer, who has just arrived at New York says that he was almost mobbed in France because he said nice things about England regarding the Transvaal war. He thinks that England will undoubtedly win in the end.

## Startling Confessions

Show that 25 per cent. of men and women suffer the tortures of itching piles. Investigation proves that Dr. A. W. Chase's Ointment has never yet failed to cure itching piles, and all of these men and women could end their sufferings at once by using it. Scores of thousands have been cured by this treatment. Every body can be cured in the same way.

## CAPE TRAVERSE I. O. F.

On Friday evening the members of Court Northumberland, No. 1204, I. O. F., assembled in their hall at Cape Traverse and confirmed the installation of the following brethren for the current year, viz:—

- H C R—John Briscol.
- V C R—J G Sheriff.
- F S—Geo Buxton.
- R S—W H Dougherty.
- Chaplain—Eph Bell.
- Treasurer—Gus Bell.
- S W—David Euman.
- J W—W E Bell.
- S C—John Irving.
- J B—Mac, D Cameron.
- P C R—Frank Shaffer.
- O D H C R—Alex. Straug.

On assuming their respective duties these gentlemen were agreeably surprised at the announcement by the Woodwards that a contingent from the large membership of Court Clansqua, No. 203, Summerside, had arrived and were determined to pay us a fraternal visit. The news was right joyfully received throughout the whole camp, and with more brevity than this is written they were ushered into our midst receiving the honors due to their rank and file. Then followed one of those stirring meetings long to be remembered, consisting of enthusiastic speeches, recitations and songs embracing almost every subject from the Transvaal of our Dominion. After the time, but not the speeches, had elapsed, a thoughtful committee of good Samaritans from Court Northumberland extended an invitation to all present to immediately assemble at the Lansdown hotel dining room where a luncheon, prepared in the proprietor's host was awaited our attention. It is needless to say that to that call there was not an erring footstep, and seldom has a happier company sat at a festal board. Attention having been duly paid to the first call of nature the usual list of toasts and resolutions were given, closing by singing God Save the Queen. After a strong and hearty shaking of the hands by the company all repaired to their respective homes.—Com.

## Unique Way of Identification.

The Saunterer happened to be in a prominent bank, where he saw an identification effected in the most unique way yet heard of. A young railroad man came hurrying in with a check to cash. He was not known in the bank except by one man, and he, of course, was out.

"Well, here's my railroad pass," said he, producing the transportation card made out in his name. "Will this do?"

The cashier took it and compared the indorsement on the back with the writing on the pass.

"That won't do you any good," said the owner. "All our passes are made out before we get them."

"I guess it's all right," said the cashier hesitatingly. "Haven't you something else?"

"Well," was the answer after a moment's thought, "I've got an itemized dentist's bill in my pocket, and you can compare it with the fillings in my teeth," and he displayed the latter in a broad grin, which secured for him the money.

The raging lion that ravages the earth, seeking that which it may devour is a fearsome antagonist to fight. Ill-health is a stealthier but much more dangerous enemy. It is always easier and better to avoid it than to fight it. It comes in various guises. At first it is usually as a trifling indigestion or a slight attack of biliousness. Then follow loss of appetite, or headache, or nervousness and sleeplessness, or stupor. These are the advance heralds of consumption, malaria, nervous exhaustion and prostration, and a multitude of other ills.

There is an easy way to avoid, and a sure way to escape from, ill-health. Dr. Pierce's Golden Medical Discovery gives edge to the appetite, invigorates the liver, makes the digestion perfect and the blood pure. It is the great appetite-sharpener, blood-maker, flesh-builder and nerve-tonic. It cures 99 per cent. of all cases of consumption. It does not make flabby flesh like cod-liver oil, but firm, healthy tissue, without corpulency. Honest dealers don't urge substitutes for a little extra profit.

"I cannot praise Dr. Pierce's Golden Medical Discovery too highly," writes Mrs. Mary A. Seay, of Andersonville, Buckingham Co., Va. "My friends gave me up as dying of consumption. I tried everything, but grew worse, until I became so weak I gave up all my housework. I tried four bottles of the 'Golden Medical Discovery' and have now more need to take medicine of any kind. I recommend your medicines—the 'Golden Medical Discovery' and 'Pleasant Pellets'—to my friends with a full belief in their efficiency."

When any member of the family is sick or hurt, look in Dr. Pierce's Medical Adviser, and there you will find the remedy. It used to cost \$1.50; now it's FREE. 1000 pages. Over 300 illustrations. Send 3 cent stamps, to cover cost of customs and mailing only, to World's Dispensary Medical Association, Buffalo, N. Y., for paper-covered copy. Cloth binding, 50 stamps.

MADE HIS BED.

On returning from the barn early one morning the old man found his wife in tears.

"Whichever cryin' about, Mellissy?" he inquired.

"Nother—one—uv our darters—was stole las' night," she sobbed.

"The redheaded un?" he asked laconically.

"Yes—pore Mag—she was the best gal!"

"Bob Scuttles?"

"Uv course. Hasn't been no other feller waitin on her. Ain't you goin to pursue after 'em an arrest 'im?"

"Uv course not," he replied sternly. "I'm not under obligations to help Bob Scuttles out uv no difficulty. Let him go ahead and work out his sentence, same's I've been a-doin for the las' 40 year."—New York Truth.

## A "Knock-turn."

When J. A. MacNeill Whistler lived in Chelsea, his peculiarities soon made him a familiar figure even among the bargemen, who got to know him as the artist of their beloved Thames. One afternoon, while sauntering along the embankment, Whistler was confronted by a man who had one eye most effectively blackened. The artist stopped and inquired, "What's the matter, my good fellow?" The man touched his hat. "Oh, nothing, sir—merely a knock-turn in blue and green!"—San Francisco Wave.

Nothing on Earth will do it like Sheridan's Powder.

Thousands of successful Poultry-Keepers all over the country owe no small portion of their success to the practice of mixing with the mash food given to their poultry every day, a small quantity of SHERIDAN'S CONDITION POWDER. It has been used and indorsed by Poultry-raisers ever thirty years, and for all kinds of poultry. If you can't get the Powder sent to us, One pack, 25 cts.; five, \$1. Large two-lb. can, \$1.20. Six cans, exp. mail, \$5. Sample copy free! Poultry paper free. J. S. JOHNSON & CO., Boston, Mass.

## Mayoralty Election.

A meeting of supporters of the undersigned, for the purpose of organization, will be held in the room adjoining the Market Hall, in the Market House on Monday evening the 22nd inst., at 7:30 p. m. A full attendance is requested.

JAMES WARBURTON.

## CHEQUE LOST.

Cheque No 117, drawn by Mr. S Cousins Secretary-Treasurer, Park Corner Creamery on the MERCHANTS BANK OF P. E. ISLAND, for \$36 00 dollars. Finder will please return to drawer. The public is hereby warned against cashing above cheque.

## Tenders for Church

SEALED TENDERS will be received by the undersigned, until February 8th, 1900, for the construction of a new Roman Catholic Church, at Souris, P. E. Island, designed by Mr. W. C. Harris, Architect, to be built of stone or brick, about one hundred and eighty feet over all in length, and to seat about nine hundred and fifty people. The plans and specifications can be seen at Souris, from January 8th, to the 15th, 1900, and can be seen at the Bishop's Palace, in Charlotte town, from the 15th January to the 8th of February, 1900. Each tender must be accompanied by a certified cheque for \$100 00, which will be returned if tender is not accepted, and which will be forfeited if tenderer fails to undertake the contract after his tender has been accepted. The lowest or any tender not necessarily accepted. Tenders to be sent to the undersigned and marked "Tenders for Souris Church."

D. F. MACDONALD, P. P., Jan. 4, 1900. Souris, P. E. I.
