was the pacing mare Marion E. A terrific lot of speed was uncorked in the 2nd dash when Yankee Dale (Stead) stepped to the quarter in 31 2/5, winning the heat in 2.14, which lowered his record by one-fifth of a second. He is owned by George Brookins, who must have been pleased with the son of Playdale 2.04 1/2 and Jane Azoff 1.59 1/2. The 6th dash with the same horses was won by Amtico (Sobey) in 2.14 4/5. Other good performances was the winning of the 7th dash by the 10-year-old pacer Prince Budlong, owned and driven by Harold Cudmore, in 2.11 2/5, just two-fifths of a second off his best performance. Credit must be given to Watson Cudmore, who trains this horse and hands him over ready for the word, to Harold. Johnny Kalmuck with his sensational last few seconds rush, electrified the spectators in the 4th dash. A hole opening up, Johnny came through at better than a two-minute clip to snatch victory from Patchen Volo 2nd (MacDonald) in 2.13 2/5. Johnny has been a really perfect pacer this year and the many friends of his owner-driver, Walter Kelly, are very glad of it.

This splendid card was featured by a Free For All that interest was greatly added to by the appearance of the very popular Vella La Vella, 2.08 1/5 owned by James Ferguson of Sydney, and driven by Joe McDonald. Vella got a break in the last 100 yards and came through to win by a head from Argot Pointer (Willis) in 2.10 3/5. The final dash was criticised by many for the slow performance of the horses up until the last quarter, but that quarter made up for everything as they were practically heads apart when they hit the wire—time, 2.17, last quarter in 30 4/5 seconds. The heat was won by A. G. Scott, owned and driven by Lorne Letcher.

Great racing featured the meeting at Covehead track last Wednesday afternoon. The track was perfect and there wasn't a breath of wind. It was a scorching day and many preferred the beaches rather than the race track. However, those who were there saw a trotting performance that they will not soon forget. The No. 1 Classified had five starters, four pacers and the trotter Feather Duster. The first heat Rosalie Hooper, owned by Dr. W. T. Hooper and driven by Teddy Weir, was a winner, New Look (MacGregor) 2nd, Carl Aubrey (Kennedy) 3rd and the trotter Feather Duster (Lorne Kelly) 4th, J. S. J. (Stead) 5th. Time, 2.11 3/5—just one-fifth of a second off Rosalie's record. The four horses finished very, very close and Feather Duster, that was on the outside, was timed in a shade better than 2.12. In the second heat Feather Duster got away flying, fought for the lead all the way and came home a winner by over a length in 2.10, Rosalie Hooper 2nd, New Look 3rd, Carl Aubrey 4th, J. S. J. 5th. The announcement of the time created a lot of discussion, but two watches near us caught it the same as the timers. Feather Duster showed the spirit of her ancestors, racing with a determination that won the admiration of all present.

A glance over her breeding will show why she is that way. Her sire is Abbe Worthy 2.05, by The Abbe 2.04, dam, Mae Worthy by Guy Axworthy 2.08 3/4, and her dam is Dude Potempkin 2.07 1/2 by Peter Potempkin 2.15 1/4, dam, Lady Pine 2.13 1/4 by Archdale 2.-04. Abbe Worthy took a record of 2.05 prior to being brought to the Maritimes by Mrs. Charles Ballard of Sydney. On August 19, 1931, in the Free For All Trot at Charlottetown, driven by Billy Hood, he was 1-3-1, Edna Klyo 2.10 1/4 Keyes) was 5-1-2, Chestnut Dillon 2.09 1/4 2-2-4. Other starters were Johnny Miles, Peter Dawes and The Incense, time, 2.10 1/4, 2.12 1/4, 2.10 3/4. The time made in the first heat was a new track record, displacing that made by Bill Sharen, Oct. 1st, 1920—2.11 1/4. That led to the sale of Bill Sharen for $25,000 in American money, equal to $27,500. The dam of Feather Duster is that iron-sided trotting mare Dude Potempkin 2.-07 1/2, that headed summaries through Maine and the Maritimes for years and set up the track trotting record at Alberton, July 5th, 1939, of 2.09 1/2, driven by Lloyd O'Brien. She is also the dam of Early Dawn p 2.053/5 , brown mare, six, by Playdale, winner of $17,246. Friends of Lorne Kelly—and they are legion—have been congratulating him ever since on the splendid drives he made in the above race and the way he fought for victory in each heat, finally triumphing over good pacers and good drivers.

In the No. 3 Classified we were glad to see our judgment on Propane, owned by George Morrison, Summerside, and driven by Ensor Bowness, justified, as he won the 2nd and 3rd heats and took a record of 2.17, and we greatly admired, as did many others, the trotter Joandale, that out-footed the pacers in the last quarter, trotting beautifully to win the first heat and a new record of 2.15. She was driven by Harold Cudmore. The pacer Bob Canuck showed some very fast bursts of speed and had the third best summary. He was beautifully turned out and well driven by Len O'Meara. Another trotter that was admired in this race was Jimmie A., with owner Reeves up, that was 2nd the last heat.

Harold Stead, that has been making the headlines frequently since the season started, sprang a big surprise with the pacer Calumet Onward, that was in the best form of his career, showing speed to burn in the getaway and steadiness all the way through, winning the three dashes and lowering his record in the second heat to 2.13 from 2.13 4/5. Notable too in this race was the performance of Judy Budlong 2.16 (C. Smith) that was well up second in the fastest heat and second in the final. This mare will bear a lot of watching. Also a real good pacer was Miss Playfair, owned and driven by Willard Kelly, and Dean Swift (O'Meara) that was second in the first heat.

Winners at Truro Raceway Wednesday night were, 1st and 4th races, Symbol Majesty 2.13 3/5, owned by B. J. Mitton, Moncton, and driven by Harley Harrison in 2.15 2/5; 2nd race, Royal Bank 2.19 1/5 (Harrison), owned by Frank Ryder, Moncton, in 2.15 4/5 —a new record; 3rd and 7th races, Doctor J. A. 3, 2.12 1/5 (R. O'-Brien), owned by Dr. J. A. Donahoe, Truro, best time, 2.14 4/5 5th and 8th races, Mac Fingo 2.15 (Moreside), owned by F. Moreside, Lower Saskville, N. S., in 2.15 and 2.14 3/5—a new trotting record; 6th race, Buster C. 2.12 3/5 (R. O'-Brien), owned by Dr. J. A. Donahoe, in 2.12 3/5; 9th race, John Clegg 2.11 2/5 (Cruikshank), owned by A. E. Murray, Halifax, in 2.14 3/5. Symbol Majesty is a newcomer to the Maritimes, in early June, and was well liked on his first appearance at Truro.

The Sydney Sports Center had one of their best meets of the season this week and the trotter Question V. 2.09 2/5, tops over the two-mile distance in Nova Scotia last summer, won the 3rd and 7th races in 2.13 3/5, 2.13 1/5, serving notice on other Maritime trotters that he will have to be reckoned with. Other winnes were Betty L. Reamore, owned by Bunny Lewis, New Waterford, and driven by him, in 2.29, and the Patrick Direct pacer Clayton Direct (G. MacDonald) in 2.28. The 2nd and 6th races were split between Jacob Withrow 2.12 3/4 (Fraser) and the new import, Colonel Handsford (J. MacDonald) the former wining in 2.15 and the latter in 2.14 4/5. The 5th and 8th races were split, Bob Long (Smith) winning the first dash in 2.19 and Roy Shelburn the 8th in 2.18.

A letter received from Ken MacDougall, Glace Bay, N. S., gives us a lot of news. He was present at the Exhibition Park races, St. John, N. B., this week, where he was judge and announcer, and he has great praise for the management. The grand stand and paddock were filled and the people seemed to enjoy the racing very much. Every effort will be made by the Exhibition directors to keep the sport alive and new horses are being brought in. The daily double with winners Hartley 2.08 and Piney Boy 2.11 2/5, paid $78.-50. Along with Piney Boy the pacer Adagio 2.11 was imported from Batavia Downs Raceway and next Wednesday night another import, Flaxey Pointer, a pacer with a mark of 2.06 and winnings of nearly $8,000, eligible to the 2.17 pace will arrive from Roosevelt. She will be a member of the Goodwill Stables.

The 1st and 5th races were won by Good Luck (Marr), owned by Howard Johnston, St. John, in 2.-27 4/5; Junior Hal (C. Coates), owned by B. Whalen, won the 4th race in 2.19 3/5; Hartley won the 6th race, he is owned and was driven by F. Pineo, Fredericton, and the time was 2.23 3/5. Piney Boy was again a winner in the 7th race in 2.23. He is owned by Goodwill Stables and was driven by H. Crawford. The 8th race was won by the well known former Island pacer, Monty Budlong 2.12 2/5, in 2.18—the fastest mile of the evening. Monty is owned and was driven by Lloyd McKinney, Gagetown, N. B.

Ken's letter also gives us the good news that the Cadegan Stables with five head, arrived back from Foxboro this week and were expected to race last night. They now have a good field of trotters which will include Cobblestone, Question V., Prairie Pete, Bud Kalmuck and Rajah Hanover, and it is hoped that very soon the Harry Hirsch Stable and the Rannie MacDonald Stable will be home from Foxboro. A re-organization of officials has been completed for the Sydney Sports Center and our friend Ken will again be in his familiar role as Presiding Judge and Manager.

Hunters Corner

Continued from page 6

time goose hunters insisted that the younger geese learned to secure fresh water when it rained from sipping the globules of water that formed in the hollow of their companions backs or from their own backs for that matter.

In 1949 the season on ducks opened on October 1st and on geese on October 20th. The goose season closed on December 5th and the duck season on November 24th or thereabouts. Up until 1949 few geese were seen in the province until the first week in November but the season the shooting dates were 'split' flocks of geese arrived during the last week of September.

Last year (1951) the duck season opened on October 1st and closed on November 26th. The goose season on October 18th to December 5. The first year of the split season the gunners were on their good behaviour . . only the rare complaint that duck hunters had jumped the gun. The 2nd season (1950) there were quite a few complaints that duck hunters were trying hard to include a goose in their bag for the day regardless of the closed season on geese until October 18th. Last season there was only a pretence of observing the split season. To the majority of hunters it meant 17 days longer goose season and 9 days longer on ducks.

A split season always places a severe strain on the integrity of hunters. A gunner sitting in a duck blind on October 1st sees a big flock of honkers pass so close their wings fan air against his cheek . . that's temptation in a mild form compared to a December dusk settling over a sandbar with 'lully' creaking in a rising tide and snow squalls blotting out the distant shoreline . . . no geese in sight and wave after wave of big northern red-legs passing within easy gunshot range. Thats the time when even the most well meaning goose hunter says: "Me, I'm trying for a roast duck dinner"

The Department at Ottawa has recommended that the season on ducks and geese this season (1952) open on October 1st and close on November 26th and although the Migratory Bird seasons for 1952 have not appeared in print to date (time of writing) methinks that will be the story. This will mean 6 days longer goose season albeit it comes on the wrong end to suit some hunters. No Regulation effecting hunters was ever received without a kick from some quarter. Last year there were four thousand two hundred and fifty-one Resident hunting and angling licences sold in the province.

Out of this number approximately one thousand were classed as fishermen only. This would leave an approximate three thousand two hundred provincial hunters. Out of this number how many are hardy enough to rig out for geese after November 26. I have personal knowledge of forty odd in this class but maybe there are a hundred or thereabouts who have the stamina to sit it out when frozen slush forms on the shores and inland marsh pot holes are sealed with ice. Thus the hunters who will oppose this new Regulation are bound to be in the minority and greatly so.

It is this columnists opinion that the vast majority of hunters, call them fair weather shooters if you wish, feel that the season on geese and ducks should coincide and if one has a chance to bag a goose he should be able to do so with a clear conscience. It gripes a conscientious hunter no end to let a flock of geese pass without pulling a trigger and after they have flown a half mile hear a barrage of shots and watch one member of the flock slant earthward at a sharp angle. To this scribe's way of thinking the new Regulation is a long step toward simplifying the enforcement problem and affording our waterfowl additional protection. I feel that all clear thinking sportswill share this viewpoint.
