Large Audience Enjoys Play At Baptist Church

An evening of very amusing entertainment was enjoyed by the large audience who witnessed the presentation of Ned Albert's "Sulphur and Molasses" at the Charlottetown Baptist Church last night.

Sponsored by the Princess Elizabeth Ladies' Group and the Men's Association, the three act domestic comedy kept the audience in gales of laughter from the first to the final curtain.

The play itself is a light comedy with a vein of "Country Doctor" philosophy running through it, and is presented by the Spring Park Players who produced it last fall and have played it many times since in the rural areas close to Charlottetown.

"Sulphur and Molasses" is directed by Mr. John MacKinnon and those taking part were as follows: Dr. Lance Fairweather—Wendell Phillips Mrs. Fairweather (Meg)—Anne Burhoe Verma Fairweather—Roma Rodd Jill Fairweather—Marguerite Goff Dr. Edmund Fairweather—Harold Clark Zeida Maloney—Florence Burke Malvina Waters—Marian Gillis Mrs. Spratt (Ruth)—Cecilia Blatch Oswald Spratt—Sid Burhoe Janice Morgan—Jean Garnham Archer Turner—Harvey MacKinnon Mrs. Margaret Turner—Margaret MacKinnon Dr. Crosby Benson—John MacKinnon Mrs. Dorothy Goodhue—Doris Phillips

alized mercy-killing under certain circumstances. Prosecutor Phinney brought the issue up twice in cross-examination of defence medical witnesses — but Wyman had told the jury of nine Roman Catholics and three Protestants "that is not the defence in this case."

And Dr. Sander himself insisted he had "the intention" of killing Mrs. Borroto and did not go along with a theory that a suffering patient might be better off dead.

The Sanders needed a police escort to get through the crowd of well-wishers who sought to congratulate them personally. Automobiles sounded their horns in a steady roar.

important industry was enacted by the last Parliament but does not come into force until next Jan. 1. Herbert Morrison, deputy prime minister and chief planner of Labour party strategy, accepted the vote in advance as "an issue of confidence as far as the government are concerned."

In the old House of Commons, elected by a Labor landslide in 1945, Prime Minister Attlee's Government easily won eight confidence votes.

The government recently turned down an offer by Churchill of a truce on the issue of iron and steel. Churchill proposed that the take-over date be postponed by law until nine months after the next general election, whenever it may come.

Other Votes Looming

Monday's vote will be only the first test the Attlee administration faces next week. Tuesday there will be a division on a supplementary appropriation.

Thursday Churchill will attack on a new front—whether Britain is getting value for her money in spending on defence. Other speakers in this debate will be Attlee and Defence Minister Emanuel Shinwell.

Judith Coplon Sentenced To 15 Years; Gubitchev Is Ordered Deported

By Ed Creagh NEW YORK, March 9 — (AP) — Twice-convicted Judith Coplon was sentenced today to prison for 15 years as a treacherous betrayer of her country.

Her convicted co-spy, Valentin A. Gubitchev, Russian engineer and diplomat, drew a similar sentence—suspended, however, on condition that he be sent back to Russia within two weeks, "never to return."

Federal Judge Sylvester J. Ryan tongue-lashed the defendants as he handed down the sentences. He said the sentences would serve as a solemn warning against working "with others outside of our borders who would take from us our liberties."

May Mean 25 Years

Miss Coplon, 28, now may have to serve up to 25 years behind bars. Today's 15-year sentence is in addition to the 40-month-to-10-year term imposed in Washington after her conviction last July on charges of stealing secret papers for the Russians.

Ryan first sentenced the blonde, 33-year-old Gubitchev to 15 years imprisonment. Then he announced that State Secretary Acheson and Attorney-General J. Howard McGrath "have recommended that this sentence be suspended and that you be sent out of the country."

He denounced Gubitchev, a former United Nations employee, as a betrayer of the cause of peace, but said he would suspend sentence "if arrangements are made for your immediate deportation."

Gubitchev, speaking in rapid Russian before he was sentenced, denied that he was guilty of any crime. He accused the Federal Bureau of Investigation of framing him, and assailed his arrest and trial as a violation of international law.

Plan Appeals

The Russian lawyer, Abraham L. Pomerantz, said an appeal would be started at once. So did Miss Coplon's three court-appointed lawyers. The former government girl's Washington conviction also is being appealed.

Ryan denied bail to both prisoners. Gubitchev and Miss Coplon were convicted last Tuesday of conspiring and attempting to pass American defence secrets to the Russians. Until their conviction, Miss Coplon had been free on \$40,000 bail and Gubitchev on \$100,000 bail.

Ryan sentenced Miss Coplon, formerly a Justice Department political analyst, to five years on a conspiracy charge and 15 years on a charge of attempted espionage. He ruled that the sentences could be served at the same time.

Pale, Miss Coplon said she would make no statement at the time. Ryan told her: "You have brought dishonor upon the name you bear and have brought disgrace and even tragedy upon your family. You have been disloyal to the country which has nourished you."

Nationalists Claim Victory

TAIPEI, Formosa, March, 9 — (AP) — China's Nationalists yesterday claimed the biggest success on the mainland since Formosa became the symbol of resistance last December — the capture of Sikiang Province's capital, Kantiang.

An official dispatch said the West China city was wrested from Communist Nationalist troops, left behind when organized resistance ceased on the mainland, seized the city.

This development, coupled with the smashing of a raid by 800 Reds on the big South China Island of Hainan, backed up morale on Formosa, which will require a matching grant of an equal amount by the Province. Mr. Hughes' minimum estimate of a cost of \$35,000, would mean a minimum contribution from the community of \$21,000.

"Regardless of any statement that may have appeared, the matter is not settled yet by any means," Mr. Matheson added.

Two Bodies Taken From Fire Ruins

MONTREAL, March 9 — (CP) — Two bodies were taken from the Chipatown fire ruins yesterday bringing the known death toll to eight.

The charred bodies were believed those of women.

Recovery of these left the list of missing at five although there is a possibility that a few persons living in the district at the time of last Thursday's outbreak did not report their safety to authorities.

The search for bodies has been slow and precarious because of thick coats of ice over the mass of ruins and the danger of shaly walls toppling on the searchers.

Bicycles Built For Two—Millions

Advertisement for bicycles featuring an image of a woman and child on a bicycle. Text: THIS IS THE STYLE for teenagers and beyond along the roads of Britain any week-end—shorts, a shirt, a sweater or a blouse, and a bicycle. A nation of cyclists, the British are also the world's greatest manufacturers of the two-wheeled machines, exporting nearly two million every year. In the first eleven months of last year the U. S. alone bought over a quarter-million dollars worth. The latest in British bicycles will be shown at this year's British Industries Fair, May 8th through 19th in London and Birmingham. The manufacturers are claiming new safety features and light alloy frames reducing the weight of standard road models by about twenty pounds.
